

Competition in chess

This academic year is full of important dates in the calendar. November 17 was International Day of Students. Department "Technological machines and equipment" organized chess competition between lecturers and students. The lecturers Userbaev M.T., Timirkhanov B.B., Aymurzinov J.C., Nazihanov A.M., were participated there. To determine the winner among the finalists of the last stage senior lecturer Timirkhanov B.B. and the student Zhambyl I.E. competed, where senior lecturer Timirkhanov B.B. won. The curator and organizer of the event Kardybay C. wished them success and expressed his best wishes. He noted that the chess develops logic and thinking.
