

Questionnaire survey: “Satisfaction of teachers with the quality of educational programs”

Dear colleague! You are invited to give your assessment of the quality of teaching provided by the university, its departments on the available educational programs. We hope for an unbiased, at the same time principled assessment of the questions of the questionnaire. The questionnaire is anonymous, you should only indicate the name of the department, your position and the name of the educational program where you teach. We propose to make an assessment on the following scale:

- “5” - satisfied to the highest degree
- “4” - satisfied
- “3” - rather satisfied (a) than dissatisfied (a)
- “2” - rather unsatisfied than satisfied.
- “1” - not at all satisfied.

Thank you in advance for your participation in the survey! Based on the results of analyzing the results of the survey, necessary decisions will be made to improve the quality of educational activities at the university.

Please specify:

1. Name of the department.
2. Position
3. Educational program, disciplines of which you taught.

No. n/a Question Content Levels of assessment

1 2 3 4 5

1.Does the structure of the educational program meet your expectations?
2.In your opinion, is the amount of time allocated to lecture classes sufficient?
3.In your opinion, is the amount of time allocated to practical training sufficient?

4.Assess how well the learning outcomes (competencies) planned in the educational program meet the requirements of the modern labor market and students' expectations.

5.Evaluate the set of elective courses offered to students in the educational program you teach?

6.Are you satisfied with the funds of the library and reading room?

7.Assess the availability and accessibility of literature in your chosen language of instruction (Kazakh, Russian or English).

8.Evaluate the availability of literature and periodicals in electronic form, necessary for you to achieve the expected learning outcomes.

9.How satisfied are you with the quality of textbooks, teaching and methodical manuals, scientific literature, etc. provided by the educational program?

10.How satisfied are you with the quality of organization and conduct of practices in your educational program, practice bases?

11.Evaluate the quality of organization of research and development work

(opportunity for students to participate in research and development work, publish results, participate in scientific circles, sections of the Business Incubator, startup projects, etc.).

12. Evaluate the opportunities for your participation in academic mobility programs provided by the educational program.

13. How complete is the information about the main educational programs of the university on the university website?

14. How sufficient do you consider the provision of the educational process with in-line and departmental classrooms?

15. Does the equipment of educational laboratories meet your needs?

16. Evaluate the opportunities provided by the university for you to use information and communication technologies in your classes.

17. Are you satisfied with the capabilities of the university in terms of access to the Internet, electronic databases Scopus, Web of Science, availability of Wi-Fi points?

18. Are you satisfied with the extent to which your students/masters have mastered the planned learning outcomes for your disciplines of the educational program?

19. Evaluate the opportunities for research work created at the university.

20. How responsible and conscientious were the students in the course of mastering the educational program in which you are involved in teaching?

21. How satisfied are you with the fact that you work at this university and teach at this educational program?

22. Your suggestions for improving the quality of the educational program. What, in your opinion, disciplines should be included in your educational program (you can specify if available)? _____
